

REPORT TO THE CITY COUNCIL  
EXECUTIVE SUMMARY SHEET

1000 JUN 17 2009 #13

DATE REPORT ISSUED: June 11, 2009  
ATTENTION: Land Use and Housing Committee  
ORIGINATING DEPT.: Engineering and Capital Projects  
SUBJECT: As-Needed Landscape Architecture Services Agreement with Estrada  
Land Planning  
COUNCIL DISTRICT: Citywide  
STAFF CONTACT: Patti Boekamp 619-236-6274 or James Nagelvoort 619-533-3616

REQUESTED ACTION:

- Authorizing the Mayor, or his designee, to execute an Agreement with Estrada Land Planning to provide as-needed professional landscape architectural design services for the Engineering and Capital Projects Department in an amount not to exceed \$3,000,000;
- Authorizing the expenditure of \$1,000 from CIP 29-970.0, 252 Corridor Park South (Phase II), Fund 10267, for the purpose of funding the minimum contract amount.

STAFF RECOMMENDATION:

Forward to City Council for consideration and approval.

EXECUTIVE SUMMARY:

The City utilizes As-Needed Engineering and Architectural Consultant Services to perform various engineering support services for the timely execution of its CIP projects on an on-going basis. As-Needed consultants provide professional services within specific disciplines for various projects city-wide. In order to design a project, the City may exercise different options. One option is to utilize consultants (i.e. engineers and/or architects). Several factors such as workload, required expertise and schedule weigh into the decision to determine how to provide the project design. Because the amount of time required to develop a scope, advertise, schedule interviews, evaluate, and award a contract is somewhat constraining, use of an as-needed contract proves very beneficial in the timely procurement of the required services. Task orders are issued for projects on an as-needed basis based on work load and expertise required.

This agreement will retain the services of a landscape architecture design firm to provide professional landscape architectural design services on an as-needed, hourly fee basis. The maximum contract cost shall not exceed \$3,000,000 and the contract has a maximum duration of 3 years. Currently the City has limited capacity and expertise to provide landscape architecture design services. The City advertised the Request for Proposals for As-Needed Landscape Architectural Design Services in the San Diego Daily Transcript, The San Diego Voice and Viewpoint, La Prensa, Asian Journal and in the City's website for contract opportunities. Nineteen firms responded to the advertisement and ten firms were short listed by the Consultant Selection Committee based on their qualifications and evaluation criteria listed in the request for proposal. These firms were interviewed in conformance with Council Policy 300-7, Estrada Land Planning was selected as highly qualified to provide the required services.

REPORT TO THE CITY COUNCIL  
EXECUTIVE SUMMARY SHEET

This agreement provides landscape architectural design services for the design of various Capital Improvements Projects. The services would include the preparation of schematic documents and/or preparation of construction documents for parks, streetscape improvements, accessibility improvements, revegetation/restoration projects other miscellaneous services. These services will be provided on an as-needed, hourly fee basis.

FISCAL CONSIDERATIONS:

This agreement stipulates the City will issue a task order(s) with a minimum aggregate value of \$1,000. Funds for the minimum contract amount are available in CIP 29-970.0, 252 Corridor Park South (Phase II), Fund 10267. The maximum contract amount shall not exceed \$3,000,000. Funding for future tasks will be funded from the CIP projects requiring these services.

EQUAL OPPORTUNITY CONTRACTING INFORMATION:

Funding Agency: City of San Diego  
Goals: 15% voluntary (MBE/WBE/DBE/DVBE/OBE)  
Sub-consultant Participation: Due to the nature of this as-needed contract, the participation will be reviewed based upon issuance of individual tasks. Estrada Land Planning has identified that the following firms are likely to be used on tasks: Nasland Engineering, MacDonald Engineers, Inc., Bender Dean Engineering, Platt/Whitelaw Architects, Inc., Geocon, Inc and URS.
